

BUWC Women in Focus Ministry Idea

A Ladies Breakfast - several churches are moving toward holding a quarterly women's breakfast for working women and busy moms. This has been very successful at West Hill Baptist in Regina, FBC in Calgary. White Rock Baptist has begun a new program where the older women have hosted and helped in the planning for the Young women to attend. Heather Thomson (ottawakids@shaw.ca) can give you more information on their approach. Here are some basic elements for a successful morning breakfast for women:

- a. speaker - local woman sharing her journey of faith -> how she became a Christian and how her life has been different since she became a Christian
- b. guest speaker - local ministries eg. Pregnancy counseling center
- c. craft demonstration
- d. special music
- e. keep decorations simple - a splash of colour from paper napkins
- f. coffee & muffins or something more elaborate for special occasions
- g. fashion show - local shop, home sewing, display of quilting
- h. silent auction craft sale
- i. provide childcare
